到達目標	<p>Learning outcomes are as follows:</p> <ul style="list-style-type: none"> • Students acquire the basic language and intercultural communication skills necessary to manage English communication with a non-Japanese patient in a variety of clinical settings. • Students develop a vision of themselves as a future nurse who is able to support the health care of non-Japanese patients through the use of English when necessary.
授業概要	Students will read, analyze and practice nurse-patient dialogues in such settings as medical outpatient clinics and various hospital wards. In pairs and small groups, students will roleplay English dialogues that practice authentic nurse-patient communication.
授業計画	<p>1-2 授業内容 授業形態：対面(In person) 学習課題：Orientation and explanation of the course. 学習内容：Explanation of how to make good use of the textbook, learning techniques, and the benefits of roleplays and simulations. 備考：</p> <p>3-13 授業内容 授業形態：対面(In person) 学習課題：Lessons based on units from the textbook (including reading and discussion, vocabulary, listening, cross-cultural topics, communication activities) and practicing roleplays. 学習内容：Learning about intercultural nursing communication with non-Japanese speaking patients in a variety of clinical settings. Learning and practicing words and phrases through activities and roleplays in pairs or small groups. 備考：</p> <p>14-15 授業内容 授業形態：対面(In person) 学習課題：Summary and review. 学習内容：Revision of content and preparation for final test. 備考：</p>
事前・事後学習	<p>Before class please read the “Reading and Discussion” section of the unit we will be studying, and look up any words that are new to you.</p> <p>After class, practice roleplays with a friend or by yourself, so you can become confident.</p>
評価方法、評価基準	<p>In line with the learning objectives of this course, the following will be assessed using evaluation descriptors given in class: Group assessment (Roleplay) (40%): Development and performance of an original roleplay that features nurse-patient-doctor English communication in a clinical setting.</p> <p>End of course assessment (40%): A paper test that will include a listening section</p> <p>Self-assessment (10%): Evaluation of your own learning</p> <p>Active participation in in-class activities (10%)</p>
必携図書	English for Healthcare Communication (すぐに使える医療・看護英語) Medical View (2016)
参考図書・資料等	Handouts will be distributed as necessary.
受講、課題、資料配布等のルール	<p>Full attendance is expected (as much as possible).</p> <p>Bring your textbook to every class.</p> <p>Use English in class as much as possible.</p>

	Preparation for lessons, and review of content after lessons is important for your learning. Keep handouts in a file. Feel free to ask me anything, any time.
教員からのメッセージ	In class, please do your best to communicate in English, and use your imagination in the various roleplays. Simulating various situations now will help prepare you for the future, so that you can provide care and comfort to English-speaking patients in actual nursing situations.
