到達目標	Learning objectives are as follows: 1. Students will be able to use basic English language and intercultural communication skills to manage nursing related English communication with a non-Japanese patient in a variety of clinical settings. 2. Students will be able to prepare and deliver an English presentation. 3. Students will be able to express a vision of themselves as a future nurse who is able to support the health care of non-Japanese patients through the use of English when necessary.			
授業概要	Students will read, analyze and practice nurse-patient dialogues in such settings as medical outpatient clinics and various hospital wards. In pairs and small groups, students will role play English dialogues that practice authentic nurse-patient communication.

参考図書・資料等	Handouts will be distributed as necessary.
受講、課題、資料配布等のルール	Full attendance is expected (as much as possible). Bring your textbook to every class. Use English in class as much as possible. Preparation for lessons, and review of content after lessons is important for your learning. Keep handouts in a file. Feel free to ask me anything, any time.
教員からのメッセージ	In class, please do your best to communicate in English, and use your imagination in the various roleplays. Simulating various situations now will help prepare you for the future, so that you can provide care and comfort to English-speaking patients in actual nursing situations.
オフィスアワー	Drop in to my office (214) anytime. If you want to make an appointment, please email me.
